SCRUM VALUES OR FROCC

The behavior of people using Scrum is one of the most important aspects of Scrum. Commitment, focus, openness, respect and courage are core values of Scrum and People living these values are the base for successful Scrum implementation.

Focus

Everyone focuses on the work of the Sprint and the goals of the Scrum Team. The focus is on the sprint work of the current.

Respect

Scrum Team members respect each other to be capable, independent people. The wider environment should be respected as the source of change.

Openess

The Scrum Team and its stakeholders agree to be open about all the work and the challenges involved, as a change or collaboration with people and all it takes.

Commitment

People personally commit to the goals of the Scrum Team. The commitment is reflected in the actions and the effort.

Courage

Scrum team members have the courage to do the right thing and work on tough problems in an Agile way, to consider change as a source of value.
